Government e-Marketplace (GeM)

Subject: Seeking clarification on "Made in China" questions

Bid Reference No.GEM/2020/B/627057

Respected Sir,

Greetings from MAIT!

This is with reference to our telecon earlier today.

Our members have raised an issue i.e. set of Questions which are being asked by the buyers at GeM on the products origins including:-

1. Whether the Products are made in China or not?
2. If yes, what percentage of components are from China?
3. Name of the country where these Products and parts are manufactured
4. Whether they meet the criteria of local content under make in India directives

We wish to understand from you that is it a specific directive from GeM which makes it compulsory to answer or is it the individual buyer's perspective they are seeking from the bidders.

A clarity from your end will greatly help our members.

With regards,

George Paul
Chief Executive Officer
